Dear Chairman Roberts, Chairman Conaway, Ranking Member Stabenow and Ranking Member Peterson:

The Campaign for Renewed Rural Development (CRRD) is a coalition of national policy advocacy organizations representing a broad spectrum of interests focused on rural issues. The CRRD unites around the need for a robust Rural Development Title within the farm bill that provides critical investments to some of our nation's most underserved communities and enhances rural America's competitiveness in a global marketplace.

From clean water and broadband infrastructure to nutrition assistance and energy conservation – the farm bill helps each of the undersigned member organizations to provide a strong foundation for a better tomorrow. However, as Congress begins conferencing our nation's next farm bill reauthorization, we ask for your continued support for rural communities through a robust Rural Development Title that promotes economic growth and stability by investing in our nation's rural infrastructure, incentivizing regional collaboration and ensuring the success of our next generation of farmers.

Rural Development programs are critical for rural communities to provide basic services including protecting public health, building affordable housing, workforce training, updating and expanding critical infrastructure and broadband service, creating jobs and promoting economic growth.

The section below highlights specific provisions from both bills within the Rural Development Title that underscore key rural priorities. We encourage their inclusion as you work to resolve the differences between the two packages.

Senate Farm Bill - Rural Development Title

- The Senate bill would reinstate the Under Secretary of Rural Development for the U.S. Department of Agriculture (USDA) to oversee the \$216 billion USDA Rural Development portfolio.
- The Senate bill would create the Interagency Council on Rural Community Innovation and Economic Development to help leverage federal resources aimed at rural communities.
- The Senate bill create the Rural Investment Stronger Economy (RISE) Grant Program, helping localities strengthen the local economy through job accelerator partnerships with the private sector and institutions of higher education.
